

Enterprise Networking

ZeroTier's enterprise-grade network platform is the **simpler**, **safer**, and **stronger** way to connect devices and people at unlimited scale. Global private networks are truly possible with ZeroTier.

**Completely
Centralized
Networks**

**Unlimited Scale
SD-WAN**

**Defense-Grade
Cryptography**

**Fast & Standards
Compliant**

Industrial & Manufacturing

Leveraged by industrial and manufacturing organizations to connect and secure disparate networks across factory floors, remote sites, and IoT deployments. ZeroTier supports real-time data sharing and seamless integration of legacy and modern equipment.

- Seamless connectivity across factories, remote sites, and IoT devices.
- Low latency performance for real-time operations and data sharing.
- Support for air-gapped deployments.
- Rapid deployment without hardware for new lines or facilities.
- End-to-end encryption and Zero Trust security for critical infrastructure.
- Hardware and protocol agnostic.
